As a fashion designer, an events MC, working at a security firm and done a few businesses, customer service is a core foundation in my career paths. I enjoy helping clients, customers and individuals, and solving any problems that they have.

### EXPERIENCES:

For the past 5 months, I've had the opportunity to work at Sir Jay Sartorial in Nanyuki as a fashion designer. To be specific, I've been designing different types of bags. Crafting them to my clients needs.

Since January 2023, to January 2024, I worked as a tailor and security guard at the Catholic Archdiocese of Nyeri Security Unit. At the firm, we made security guards' uniforms and school uniforms.

I also provided security in some events and premises, when need for personnel arises.

Growing up, I've realised that I can do more in events than provide security. Becoming an MC has really given me a platform where I give my clients the best services possible. From weddings, graduation celebrations, pageantry events to even clubs and lounges. My latest event being Mr and Miss Kimathi 2024/2025, held on May at Dedan Kimathi University.

Before and After finishing high school in 2019, I worked at a cereals and poshomill business as a manager.

### ACADEMIC AND PROFESSIONAL QUALIFICATIONS.

I joined campus, Dedan Kimathi University, in the year 2021 to do my certificate in fashion design and finished in 2022. Upgraded immediately to diploma the same year and completed in January 2023, graduated the same year on December.

During my time in campus, I involved myself in various school activities like music, drama, church activities, fashion shows, and also a member of the handball team.

I attended my highschool education at Giakanja Boys High school and Rware High School from the year 2015 to 2019. I had a retake of my Form Two class.

## SKILLS

INTERPERSONAL: Making customers feel comfortable and putting them at ease in stressful situations.

SOCIABILITY: Being social with people helps me serve clients at a more efficient way.

CONFLICT RESOLUTION: Calming agitated costumers and creating effective resolutions.

## HOBBIES AND INTERESTS

Styling models, Dressing up, Singing, Dancing, Reading, Football and Handball player. This are just some of my hobbies and interests.
