

CLAIRE WAIRIMU KIMANI

Front-End Developer

kimaniclaire3@gmail.com | +254 717 793 977 | Nairobi, Kenya | github.com/clairekimani123

PROFESSIONAL SUMMARY

Motivated and results-driven Front-End Developer with hands-on experience building full-stack applications using modern frameworks. Trained at Moringa School with a strong foundation in React, Django, RESTful APIs, and Agile development practices. Proven ability to develop responsive, cross-browser compatible UIs and consume backend APIs to deliver seamless user experiences. Passionate about building impactful, user-centered digital solutions and committed to continuous learning in a fast-paced technology environment.

PROFESSIONAL EXPERIENCE

Backend Developer Intern | Content Aggregation Limited

August 2024 – February 1st 2026 | Nairobi, Kenya

- Architected and implemented backend features for a content aggregation platform serving millions of daily users.
- Tested and validated RESTful API endpoints with comprehensive error handling, reducing API failures through systematic debugging.
- Optimized backend performance via database query refactoring and code optimization, improving response times.
- Collaborated with frontend teams to integrate APIs, ensuring smooth data flow across services.
- Implemented Git workflows, participated in code reviews, and maintained branch management best practices.

Professional Healthcare Assistant | St. Matia Muluumba Mission Hospital

May 2024 – June 2024 | Kenya

- Provided holistic patient care including mobility assistance, medication management, and emotional support.
- Maintained clear communication with medical staff and documented patient progress accurately.
- Demonstrated strong interpersonal skills and professionalism in a healthcare environment.

EDUCATION

Moringa School – Software Engineering Intensive Program (2024 – Present)

Milestone Institute of Professional Studies – Healthcare Assistant Certificate (March 2024 – May 2024)
