Professional Summary

Passionate and versatile Fashion Designer and Educator with hands-on experience in garment construction, pattern drafting, and fashion styling. Proven expertise in teaching fashion design principles, textile technology, and CAD applications. Skilled in translating creative concepts into practical learning experiences while maintaining strong industry connections. Combines technical proficiency with excellent interpersonal skills to create engaging learning environments. Successfully mentored aspiring designers and managed fashion projects from concept to execution, including styling beauty pageant contestants and developing a personal accessories brand.
